

Track & Trace

Accord is using the government's new NHS Covid-19 app across all areas of our business to help keep customers and colleagues as safe as possible. We would encourage you to do the same.

The new app, now available to download for free in England and Wales, is the fastest way to see if you're at risk from coronavirus. The faster you know, the quicker you can alert and protect your loved ones and your community.

The app has a number of tools to protect you, including contact tracing, local area alerts and venue check-in. It uses proven tracking technology and is designed to protect every user's privacy.

For more information about the app, visit [covid19.nhs.uk](https://www.covid19.nhs.uk)

To download the app on your smartphone, just visit your app store - Google Play for Android or the App Store for Apple devices.
